Subject: Request for Donations to support the building of ADA / Handicapped Parking lot

Dear Parishioners,

The Church of the Holy Rosary has identified the formal need to enhance our handicapped /assisted parking offerings to our parishioners. We have evaluated the churches demographics and determined that an expansion in providing such amenities to our parishioners is a priority. Our parish is seeing growth and we see the need to expand our accommodations for those in need of handicapped/assisted parking, in a safe and professional manner is of high importance.

The parking lot is to be positioned on corner lot will be on the adjacent corner lot to the church (Graylynn Dr. & Crossfield Dr). This location is ideal for such an asset, as it will allow easy access to the existing zero grade entry on that side of the church.

The new parking lot will provide 10,000 square feet in additional church parking ; resulting in approximately 26 additional spaces ; 60% Handicapped , 40% intended for those needing enhanced easy access assistance.

We have acquired estimates on the said construction of the parking lot that was recently conducted with the Engineering firm. The budgetary estimate for the construction of the parking lot is in the \$165,000 range.

In order for the Holy Rosary Parish to move forward in a timely manner with such an endeavor we are asking for donations, earmarked specifically to support this project.

Please note: Any funds received and noted for this project will be used specifically for this "Parking Lot Construction".

We are hoping that you would formally consider partnering with The Church of the Holy Rosary on this expansion of assets to our parishioners - thru the means of a financial donation; any and all consideration of such request would be much appreciated.

Our targeted goal for the opening of this new parking lot the 3rd quarter of 2021 (July -Sept).

Thank you for your generosity and consideration!

God Bless you and your families.

A handwritten signature in blue ink, appearing to read "Rev. Daniel Steiner".
